We give more than $5 million annually to nonprofit organizations across our footprint. That includes donations made through philanthropy, contributions made in the spirit of the Community Reinvestment Act (CRA), and sponsorship of organizations that help strengthen the well-being of our cities and towns through the arts, and business growth that drives economic stability.

In addition, our bankers volunteer an estimated 130,000 hours of their time annually, in and out of the workplace, to support causes that are meaningful to them and that provide the necessary skill sets that are so important to nonprofit organizations.

In January 2018, Webster announced an acceleration of investment in the communities we serve by augmenting our annual philanthropic and community investment by $1 million. This investment resulted in a number of new initiatives, including the Food Security Initiative: Feeding Our Regional Food Banks, the Financial Empowerment Program and the Volunteer Recognition Grant Program. We have also expanded our commitment to Junior Achievement, and expanded and increased giving across the footprint.

Webster’s commitment to the communities where we operate is a direct outgrowth of our engaged workforce. We foster a diverse and inclusive environment and invest in our bankers’ development.
