# You now have greater access to your consumer savings and money market account funds.

To provide more financial flexibility during this challenging time, Webster has eliminated the limit of 6 transfers-per-month on savings and money market accounts. This change went into effect on June 15, 2020 and will remain in place going forward.

This means the following transactions are no longer limited: preauthorized transfers, including overdraft protection; telephone transfers; and electronic transactions, including WebsterOnline transactions, Checks, Check Card payments to third parties, Automated Clearing House (ACH) transactions and wire transfers.

We hope this greater flexibility will help you more easily manage your finances. Please feel free to call us anytime at 800-325-2424.

# What you need to know about overdrafts and overdraft fees.

An **overdraft** occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways:

1. We have **standard overdraft practices** that come with your account.
2. We also have **overdraft protection plans** such as a link to a savings account or an overdraft line of credit, which may be less expensive than our standard overdraft practices. To learn more, ask us about these plans.

This notice explains our **standard overdraft practices**.

## WHAT ARE THE **STANDARD OVERDRAFT PRACTICES** THAT COME WITH MY ACCOUNT?

We **do** authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Automatic bill payments

We **do not** authorize and pay overdrafts for the following transactions **unless** you ask us to:

- ATM transactions
- Everyday debit card transactions

*(If you want us to authorize and pay overdrafts on these types of transactions, see **Debit Card Overdraft Services** below.)*

We pay overdrafts at our discretion, which means we **do not guarantee** that we will always authorize and pay any type of transaction.

If we **do not** authorize and pay an overdraft, your transaction will be declined.

## WHAT FEES WILL I BE CHARGED IF WEBSTER BANK PAYS MY OVERDRAFT?

Under our standard overdraft practices:

- We will charge you a fee of **\$37** each time we pay an ATM or everyday debit card overdraft. The fee will be **\$37** for all other overdraft transactions. You will not be charged more than 7 fees per business day.
- Also, if your account is overdrawn for more than 5 consecutive calendar days, we may charge an additional \$5 per day for each business day your account is overdrawn.
- There will be no fee if your end of day balance is overdrawn by \$5 or less. Extended overdraft fees may apply.
